ALBANIA YESTERDAY AND TODAY

454 457 Existing laws and current legislation encourage the investment of foreign capital and technical experience. Albania imposes no embargo upon the re-export of capital or dividends, nor are there any exchange restrictions. The fact of the matter is that foreign investments are absolutely safe and not subject to confiscation. Albania's record for protecting foreigners and foreign capital is irreproachable. Taxation is moderate and equi- 651 table.
